Purpose:	<p>The purpose of this report is to consider enabling eligible English National Concessionary Travel Scheme (ENCTS) passholders to travel any time of the day. This requires a local concession to agree pre-09:30 travel. The local concession would apply only to local residents who are passholders when travelling within the Combined Authority's area.</p> <p>The local concession has been forecasted at an approximate £536,513 per annum. The local concession would be funded by the forecasted £1m underspend in the wider concessionary budget.</p>
